A word from the mayor

By the time you read these lines, the back-to-school season will already be upon us. We will be getting back to business, and summer vacation will be over for most of us. I hope you had an entertaining and relaxing summer.

The next few months will be very hectic and there will be a certain frenzy at City Hall as we prepare for the move to our new building, which will also include both the library and the public square. I can't wait for you to discover this bright and spacious location, and I hope that many of you will take full advantage of it.

As far as the second phase of the municipal hub is concerned, we received some bad news in July. We have been advised by the Ministère de l'Éducation du Québec that our application for financial support for the construction of our aquatic complex was rejected. This is the second time the City was refused for this same project, which we improved upon it since we first filed with the government in 2019, in particular by adding regional partners to extend the scope of the project. Our teams have worked hard to build a strong and convincing case. However, as the number of projects submitted for this financial assistance far exceeds the budget allocated, neither our project nor any of the major projects in Vaudreuil-Soulanges were selected. The need for an aquatic complex in the region is very real. We're not giving up on building a new pool. We will be evaluating the different avenues now available to us, including the possibility of a consultation with citizens, in order to determine the next steps to be taken.

Since we are on the topic of citizen consultation, I would like to thank everyone who completed the online survey. The information we received will allow us to draft a new cultural policy that meets your expectations and needs. More than 10 years ago now, Vaudreuil-Dorion chose to make culture a priority. For several years, we have distinguished ourselves in this regard, namely by having a diverse and rich cultural offer, as evidenced by our Mozaik network and the many awards we have won.

In conclusion, I would like to mention that the steps surrounding the adoption and implementation of our municipal policies are indeed important, as these serve as guides for our organization. In June, Camp Franco-fun received the Jury's Coup de Coeur award at the Nomina Gala. This project is the perfect example of an initiative to develop mechanisms to welcome, integrate and support our new residents. This is one of the objectives behind our policy of living together. Over the years, Vaudreuil-Dorion has transformed significantly, with many of our new citizens coming from an immigrant background. It is essential for our organization to participate in the development of a welcoming and inclusive community life. I would like to thank and congratulate all the employees and partners who contributed to the success of the Franco-fun camp project.

Happy Fall season to all!

Upcoming City council meetings September 3 and 16, October 7 and 21 November 4 and 18 and December 2 at 7 p.m. at the City Hall

> Special budget meeting December 9

CONSTRUCTION WORK

Infrastructures

• The redevelopment of Route De Lotbinière, between Boulevard Harwood and Rue Saint-Jean-Baptiste, began a few weeks ago. This project consists of making the sector more user-friendly with the addition of unidirectional bike lanes, sidewalks, vegetated strips, trees and urban lighting. Work will continue until the end of 2024 and resume in the spring of 2025. The redevelopment of the Boulevard Harwood and Route Lotbinière intersection may be carried out in the spring depending on the construction of the Île-aux-Tourtes bridge and the number of lanes open to traffic.

- · Work on the wastewater pumping station on Rue Bourget, located near the Pierre-Elliott-Trudeau school, was carried out this summer. A generator has been added to this pumping station to ensure its operation in the event of an electrical failure. Renovations of the Dutrisac station began in August and will continue until October. A generator will also be installed at this pumping station.
- Work aimed at replacing water and sewer pipes, sidewalks, curbs and paving on Rue des Loisirs continues and is expected to be completed by the end of September. Particular attention had to be paid to protecting mature trees in this area.
- · Reconstruction work on a culvert on Harwood Road, south of Highway 40, will begin in September and be carried out over approximately five weeks. It should be noted that this section will need to be completely closed off for two weeks to complete the work to be done.

This symbol affixed to various texts in the municipal bulletin indicates that the project is part of the 2020 > 2025 strategic plan.

Bike paths and pedestrian amenities

The implementation of the Bike Path Master Plan continues this Fall with the following projects:

- New off-road multipurpose path along Rue Chicoine and Rue Chenonceau to provide safer access to Des Échos high school. The Ministère des Transports et de la Mobilité durable du Québec (MTMDQ) is providing \$635,000 to fund this project.
- · Construction of Phase 2 of the multipurpose path located behind Rue des Floralies and Rue des Pivoines all the way to the Des Perce-Neige Park. The City is also receiving \$918,500 in financial assistance from the MTMDQ's Financial Assistance Program for the Development of Active Transportation in Urban Perimeters (TAPU).
- Construction of a sidewalk on the north side of Boulevard de la Gare, between Rue du Manoir and the bus stop located to the west of it.
- · Construction of a concrete pathway between Rue des Sureaux and Rue des Oliviers.

Buildings

· The redevelopment of the Service des loisirs et de la culture offices will begin shortly and is expected to take place over a period of 8 to 10 weeks. New office spaces will be created to accommodate members of the department's growing team. In addition, the reception desk will be redesigned to better accommodate individuals with reduced mobility. Starting September 5, and for the duration of the work to be done, a temporary reception area will be set up on the ground floor of the Jean-Marc Ducharme Community Centre, located at 21 Rue Louise-Josephte. Exceptionally, during this period, only the library will be able to produce citizen cards.

Parks and green spaces

· Work on the Quatre-Saisons school park is nearing completion. In the spring and summer, the following projects were carried out: the installation of playground equipment and urban furniture focused on providing universal accessibility (tables, benches, swings, etc.), the development of lit paths connecting the various areas between them, the enhancement of the main entrance of the De la Croisée Building and the redevelopment of the parking area. This

TO FIND OUT ABOUT CURRENT OR UPCOMING OBSTRUCTIONS, CONSULT THE "SPORADIC WORK" SECTION OF THE PUBLIC WORKS PAGE ON THE CITY'S WEBSITE.

Fall, the final phase of development will involve the planting of more than 200 conifers and deciduous trees.

This project includes the addition of new play furniture such as a futtoc table (a combination of ping-pong, football and volleyball), a basketball net and several scooter racks.

 The redevelopment of Bourget Park is set to begin shortly. The future layout will include a Bantam baseball field equipped with fences, bleachers, player shelters and benches, new playground areas and a splash pad. A path connecting all of the different areas will wind through the park. A service building as well as urban furniture (picnic table, bench, drinking fountain, shade shelter, etc.) will be included as part of the layout. The park has many existing mature trees. The majority of these will be preserved and others will be transplanted throughout the site.

This project also includes the addition of playground equipment that meets a variety of special needs and is

focused on ensuring universal accessibility (sensory stimuli and accessibility for individuals with reduced mobility thanks to three rubberized components accessible from the ground).

Sports fields

- Last July, work on resurfacing the acrylic surface took place at the two tennis courts at De la Seigneurie Park. The current surface was refreshed by caulking cracks and applying new layers of acrylic coating.
- The four Saint-Jean-Baptiste tennis courts are currently being transformed into 12 permanent pickleball courts. The courts located near the school will be completed around September 23. Those near the parking lot will be accessible starting September 6, but the lines will be temporary. Work on the courts will be completed next spring with the application of the acrylic surface. These permanent pickleball courts will meet citizens' growing demand for infrastructures to

practice this sport. The City is investing an amount of \$400,000 in this first phase of the project.

 Redevelopment of the ice rink at De la Montée-Cadieux Park is underway. A 3-on-3 regulatory dek hockey rink will be installed. This project includes the addition of sheltered benches for players, resurfacing of the asphalt and redesigning of the lighting. The work will be completed this Fall, with the exception of the bench shelters, which will be built and installed by the Public Works Department next spring. An amount of \$143,000 has been invested for the rink, boards and asphalt repair.

Throughout the summer, exterior design work was carried out by the contractor assigned to this project. The public square, street furniture and planting will continue to gradually take shape. An official pathway diagonally crossing the site will be implemented where people would often cross the area to reach the train station. This path, given the name of The Valley, will be surrounded by two vegetated slopes created using the building's excavation soil. Water management will focus on green infrastructure using the best ecological practices, from rain gardens to use of various plants. Lastly, the tree and shrub species chosen for this site are largely indigenous and edible and will be planted with the aim of creating shady spaces and reducing the impact of the wind.

Interior finishing work is underway at the same time. Over the next few months, painting, flooring, woodworking and cleaning will take place.

The City is awaiting the required environmental approvals from the *Ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs* for the development of six new tennis courts and eight pickleball courts on a site on Rue Valois, near Maison-Valois Park.

The building is expected to be open to the public in the first half of 2025.

The application for financial support for the aquatic complex construction project submitted under the call for projects of the Financial Assistance Program for Recreational, Sports and Outdoor Infrastructure – Stream 1 (PAFIRSPA) was not accepted by the Government of Québec. This application sought financial assistance in the amount of \$20 million, which was the maximum amount offered. This is the second time this project was rejected. As early as 2018, the City met with associations from the water sports world to learn more about their needs. Following this, a functional and technical program was developed in consultation with professionals specializing in the design of this type of infrastructure. Estimated at \$39 million in 2019, the project budget is now \$59 million.

Citizens can follow the progress of the project on the City's website (Municipal Hub section) in addition to signing up for the Citizen Portal to receive notifications about work in progress.

ENVIRONMENT

Earth Day: Activity Review

In celebration of Earth Day, last April, a clean-up activity was held at Dorion-Gardens Park, in collaboration with the Blue Organization, and a biodiversity inventory was carried out at Harwood Nature Park with the help of citizens, who were invited to participate. Here is the result of these two activities.

Clean-up activity

The 25 participants who met on Saturday, April 20, collected a total of 50.3 kg of waste. The main materials collected consisted of cigarette butts, candy and snack wrappers as well as fast food and beverage containers. Thank you to those who spent their morning cleaning up the park!

Bioblitz

From April 26 to 29, the Greater Montréal Area participated in a global bioblitz called the Urban Nature Challenge, organized by the Campus Biodiversity Network, Technoparc Oiseaux and the Canadian Wildlife Federation. During these four days, people in 400 cities around the world made an effort to document as many species of wild fauna and flora as possible using the free iNaturalist app. The City of Vaudreuil-Dorion joined the movement by inviting its population to draw up a biodiversity profile of the territory. To do so, 45 people went to Harwood Nature Park on April 27, where they observed 59 plant species, two of which were considered at risk according to the Act respecting threatened or vulnerable species, namely the white trillium and the large-flowered bellwort. Where animal species are concerned, 23 were listed, including the snapping turtle, whose status is of concern according to the Committee on the Status of Endangered Wildlife in Canada.

It was a great example of citizen participation in the name of science! Thanks to all!

LES ÉCO /

Radon concentration in residential buildings

Radon is a radioactive gas produced by the natural decay of uranium in the soil. It is colourless, odourless and tasteless. As such, it is not detectable by the senses. In the open air, radon dilutes in the atmosphere and presents no danger. However, when it infiltrates into a closed environment, it can accumulate in high concentrations and cause problems. Radon is the second leading cause of lung cancer in Québec.

In recent years, the City of Vaudreuil-Dorion has been selling radon detectors to its citizens at a low cost of \$5, which covers analysis and mailing to the laboratory. For this test to be successful, the detector must remain in place for a minimum of three months. Winter is the ideal time for testing, since buildings are less ventilated this particular time of year.

How to get a radon detector

Starting at 9 a.m. on September 5, citizens interested in obtaining a radon detector can file a request through the City's website (Environmental Grants section) or by phone at 450-455-3371, Option 1. Please note that a valid citizen card is required. Residents will be able to pick up their detector at the St-Jean-Baptiste Opticentre on one of the three following days :

October 16	Nover
6 to 8 p.m.	9 to 1

nber 9 November 19 6 to 8 p.m.

Radon concentration

In the event of a result greater than 200 Bg/m3, which is the Canadian intervention threshold, it is recommended that the required work be done to reduce the concentration of radon. For this purpose, the City is offering a 50% refund on the cost of installing a radon mitigation system, up to a maximum of \$500 per residence.

November 21, 7:00 p.m. **SMART TRAVEL OR SLOW TOURISM** By Frédéric Campeau Arbre-Évolution and Le semoir

How can you have a positive

impact on local populations and reduce the environmental consequences of your trip? The aim of the conference is to raise awareness of the issues and problems associated with mass tourism, by focusing on the ecological and eco-citizen dimension. The economic, political, social, cultural and environmental aspects of tourism will be addressed.

October 22, 7:00 p.m. **AVOIDING OBSOLESCENCE**

By Mélissa de La Fontaine **COOP INCITA**

Who hasn't faced a case of obsolescence? A device that seems to give up the ghost the day after the warranty expires. A perfectly good cell phone that just doesn't seem to answer the call anymore. And that brand new sweater you've been buying despite having a full wardrobe! In this conference, you'll have the opportunity to gain a better understanding of the many facets of obsolescence, and discover the ways in which we can be part of the solution!

Chasse aux trésors

Réparothon October 6

ENVIRONNEMENT

Urban forests

In 2022 and 2023, about thirty sites, at different locations in the territory, were reforested as part of the federal government's 2 Billion Trees program. While most of the trees are still very small, in just a few years, they will transform these places into small urban forests, thereby:

- sequestering carbon and mitigating global warming;
- capturing pollution in the form of fine particles present in the air and producing oxygen;
- regenerating degraded soils;
- improving water filtration and limiting rainwater runoff;
- cooling the air by helping locally reduce the effects of heat islands;
- reducing noise in neighbourhoods;
- providing citizens with enhanced access to nature in the longer term, and being beneficial for the fauna, the local flora and biodiversity..

Maintenance

During the first years of their growth, vegetation will occasionally be cleared in order to prevent competing plants from growing around small trees. In addition, planting will take place as needed to replace trees that are dead or affected by various issues, including small rodents, drought, ice, floods or destructive insects.

Thank you for respecting these areas and helping us create wealth for our neighbourhoods and for future generations.

— Dorion

BY-LAWS

Winter shelters and snow removal markers

Temporary winter shelters are permitted from November 1 to April 15. Shelter structures (without the canvas) may be installed starting October 15. Although you do not need a permit, there are certain requirements that must be respected. These requirements can be found in the By-laws section of the City's website.

Citizens wishing to use the services of a snow removal contractor must ensure that the latter holds a permit from the City. It should be noted that snow removal markers on private property are only permitted starting November 1.

Increased fines for cutting down trees without a permit

The Government of Québec has increased the fines for the illegal cutting down of trees, effective December 8, 2023. This increase is applicable to all municipalities throughout Québec, in accordance with An Act to amend the Act respecting municipal taxation and other legislative provisions (Bill 39), to ensure greater protection of natural environments and trees in urban areas.

As such, owners who cut down any tree without a permit are liable to a basic fine of \$2,500, plus \$500 per tree they cut down and a court fee representing 25% of the total fine. For example, for the illegal cutting of three trees on the same property, the owner would be given a \$5,000 fine.

Permit request

Any property owner wishing to cut down a tree on his or her land must first apply for a permit online through the City's website at ville.vaudreuil-dorion.gc.ca/permisenligne. It's free!

For any questions about tree cutting, please contact the Permit and Inspection Division at 450 455-3371, ext. 2027 or infourbanisme@ville.vaudreuil-dorion.gc.ca.

FIRE SAFETY

The evacuation plan, a valuable tool

The evacuation plan is a paper tool that helps you guickly evacuate your home safely. Families should make an evacuation plan and practice it at least twice a year. Making an evacuation plan consists of drawing a freehand map of your home and indicating :

- Emergency exits (main doors, windows, patio doors);
- Two paths per room to get to an emergency exit;
- The assembly point located outside the house that is accessible year-round (any season);
- The location of portable fire extinguishers.

The assembly point allows the whole family to gather at a specific location in order to avoid searching for their loved ones and attempting to go back into the house. Once there, 9-1-1 should be immediately called to notify the emergency services of the situation (fire department, police and ambulance).

The Québec.ca website, Public Safety and Emergencies/ Fire Safety section, offers a complete section on the evacuation plan. It includes a grid for drawing an evacuation plan and a video on how to evacuate your home in the event of a fire.

Every year in Québec, fires represent an average of

14 HOMES DAMAGED EVERY DAY 400 PEOPLE INJURED 29,000 PEOPLE EVACUATED

Change your clocks, change your batteries!

On November 3, when moving your clocks back an hour, take the time to check that your smoke alarms are functioning properly and change the batteries. The lifespan of a smoke alarm is 10 years, regardless of

whether it is battery-operated or electric. It is therefore important to ensure you do not keep your smoke alarm any longer than this amount of time and replace it if necessary..

The great Patsy Gallant had the audience up on its feet as she kicked off the Rythmes d'été series of performances at Maison-Valois Park.

10

Whether in techno, literary, exhibition or creative mode, the Mozaïk Caravan is out and about every day to offer a variety of activities to citizens of all ages in every neighbourhood.

This summer, Errances took part in the Rythmes d'été events and was on site at a few neighbourhood parties to introduce the public to the live arts.

was simply beautiful!

Once again this year, the great team of camp counsellors allowed hundreds of children to experience a memorable summer at the Vaudreuil-Dorion Animation Jeunesse Day Camp.

08

Twelve electrical boxes were decorated and beautified as part of the second edition of the Pluralité collective project. The result

Music flowed through the gardens at Maison Félix-Leclerc during the Musique aux jardins performances.

Thousands of festivalgoers enjoyed the 18th edition of the Vaudreuil-Dorion Festival de cirque, which included a performance by FouKi.

ARTS AND CULTURE

Landscapes in bloom: a fresco will soon be taking shape

Young Vaudreuil-Dorion citizen Alexandria Diardichuk-Marinakis and urban artist Fluke, from the non-profit organization Kolab, have begun planning a mural that will be painted on one of the exterior walls of the filtration plant, located on Chemin Paul-Gérin-Lajoie. To help them with the creative process, they held a creative activity with the young people who were part of Animation Jeunesse day camp's Club Ados in late July. The artist will start painting the fresco sometime around mid-September. This project submitted by Alexandria as part of the youth component of the 2023 participatory budget entitled Jeunes artistes de Vaudreuil-Dorion : Paysages en fleurs (Young Artists of Vaudreuil-Dorion: Landscapes in Bloom). She wanted to highlight the beauty of the city, its parks and its landscaping through the eyes of young artists in addition to using art as a means of bringing various cultures together. The budget initially allocated to the project was increased through the 2021–2024 cultural development agreement between the City of Vaudreuil-Dorion and the Ministère de la Culture et des Communications du Québec.

AUTOMNE 2024 SÉRIE DE SPECTACLES JEUNESSE COUP DE ÉÂTRE GRATUIT DURÉE: 55MIN Centre multisports André-Chagnon 3093, boulevard de la Gare ANS ET +

29 SEPTEMBRE, 11 H À FLEUR DE VILLE AVEC M. GAZON **Par Productions Josée Allard**

M. Gazon mène une vie terne et ordonnée, prisonnier d'une routine sur fond gris. La soudaine apparition d'une nature progressivement envahissante réveille l'essence foisonnante qui sommeillait en lui. Ces étonnantes manifestations de verdure feront naître sous nos yeux un M. Gazon pétillant et surprenant. Entre l'ombre et la lumière, un spectacle théâtral circo-clownesque haut en verdure, dans une atmosphère joyeuse et ludique où soleil et printemps éblouissent le parterre!

LÀ-BAS Par L'Aubergine

Cette création met en scène un trio clownesque des plus sympathiques. Un périple drôle, tendre et ludique sur l'entraide, la résilience et les petites joies de la vie.

17 NOVEMBRE, 11 H L'ÉTRANGE NOËL DE MONSIEUR BOUGRIS Par Productions Josée Allard

Rigodon, gique, et fantômes du passé : la recette parfaite pour réchauffer les cœurs congelés ! Les boules de Noël, les guirlandes et les sapins viennent égayer les foyers. Raymond Bougris, vieillard avare et solitaire, bougonne contre cette « satanée magie du temps des Fêtes » et s'enferme en attendant que ca passe. Alors que sa fille veut décorer la maison, Raymond frise la crise de cœur. Un spectacle inspiré de la commedia dell'arte, à la fois touchant et bidonnant. Inspiré des classiques de Noël comme Scrooge et Le Grincheux, ce spectacle met en lumière le partage, le temps en famille et l'importance de garder son cœur d'enfant.

MƏZAIK

20 OCTOBRE, 13 H

Trois inséparables ont plié bagage. Ils trimbalent leurs souvenirs sur la grande route de la vie. Ils viennent d'on ne sait où et avancent vers un avenir meilleur. Traversant une multitude de péripéties cocasses et loufoques, ils feront des rencontres inattendues et farfelues... Nos trois zigotos incomparables se serreront les coudes et feront des pieds et des mains pour affronter les folles aventures au'ils croiseront sur leur chemin.

RENSEIGNEMENTS 450 455-3371, option 4 ville.vaudreuil-dorion.gc.ca

LIBRARY

NEW

- Register online through the City's website or by phone at 450 455-3371, Option 6 for library members, residents or non-residents, starting September 9 at 10 a.m. for adult activities and seven days before the activity date for youth activities, including those offered by the Lab.
- Places are limited.
- Registration by phone for non-residents who are not library members, starting September 30 at 10 a.m. for adult activities and the day before the activity date for youth activities.
- · All activities are free of charge.

YOUTH ACTIVITIES LES ÉLECTRONS LIBRES

DRAWING WORKSHOP. MYTHICAL **CREATURES AND MANGA DRAGONS**

Sunday, September 22, 2:00 to 3:15 pm | Ages 7 to 13

In this comic book workshop, participants will learn techniques for drawing fascinating mythical creatures and captivating Manga dragons. Hosted by Kokobrik.

LEGO MINECRAFT: **DEFEAT THE ENDERDRAGON!** Sunday, September 22, 3:30 to 4:45 p.m. | Ages 7 to 13

Develop your building and fighting skills by taking on the Enderdragon. An unforgettable creative adventure in the Minecraft world!

STORYTIME

On Mondays, September 23 to December 16 (except October 14) 10:30 to 11:30 am | Ages 3 to 5

Hosts Françoise and Annie offer a fun hour of storytelling each week followed by a crafting activity.

Participants must commit to attending all sessions.

SATURDAY MORNING STORYTIME

Saturday, October 5 and November 30, from 10:15 to 11:15 a.m. | Ages 3 to 7

Annie, your host, invites you to a fun hour of storytelling followed by a drawing session inspired by the story.

MUSICAL AWAKENING

Friday, October 11 and 25, November 8 and 22 and December 6, 9:30 to 10:00 a.m. | Ages 6 and under

Children are invited to join hosts Annik and Georges to sing, dance and laugh while discovering nursery rhymes and funny stories!

DECORATING MINI-PUMPKINS FOR HALLOWEEN

Saturday, October 19 between 10:30 and 4:00 p.m., depending on the timeslot booked | For everyone

Pumpkins and crafting materials are provided. A timeslot must be reserved.

DRAWING WORKSHOP. T-REXES AND DINOSAURS FROM THE JURASSIC ERA Sunday, October 20, 2:00 to 3:15 p.m. | Ages 7 to 13

Learn how to draw iconic dinosaurs using professional techniques and letting your imagination travel through time.

DINOSAUR KINGDOM LEGO ADVENTURE Sunday, October 20, 3:30 to 4:45 pm | Ages 7 to 13

Explore the age of dinosaurs and build a prehistoric world using LEGO bricks.

FELT HALLOWEEN MONSTERS

Sunday, October 27, 3:30 to 4:45 p.m. | Ages 7 to 13

During this creative workshop, young participants will create a little Halloween-inspired monster using the feltedsoap technique. Hosted by multidisciplinary artist Mélanie Leclerc.

HOMEMADE PASTA MAKING

Saturday, November 16, 10:30 a.m. to noon | Ages 7 +

C'est moi le chef will be stopping in at the library to offer a culinary workshop sure to delight the whole family! Participants will learn how to make their own homemade pasta, and create simple and delicious recipes using seasonal Québec fruits and vegetables. An activity for both young and old. Hosted by 1,2,3 Je cuisine! Children under the age of 12 must be accompanied by a parent.

Registration required for children and accompanying parents. Only one accompanying parent per child.

PUPPET SHOW: ENCHANTED TALES Saturday, November 23, 10:30 to 11:15 a.m. | Ages 2 to 8

This show, created by actress and puppeteer Caroline Bernier-Dionne, includes three separate stories. Through themes like nature, dinosaurs, and princesses, these stories address the topics of determination, self-confidence, and courage.

METAL ENGRAVING Sunday, November 24, 10:30 a.m. to noon | Ages 7 to 13

During this creative workshop, young participants will create an original work of art using the technique of engraving on brushed metal. Hosted by multidisciplinary artist Mélanie Leclerc.

LES ÉLANS SPONTANÉS

These free activities do not require registration and are offered at all times during the periods indicated.

CANDY AND RIDDLES

October 1 to 28, available anytime | For everyone

How many candies are in the original containers on display at the library? Guess the exact number of candies in a container to win its delicious contents!

DINOVEMBER! November 1 to 30 | For everyone

T-Rexes, Stegosauruses, Diplodocuses and other famous dinosaurs have escaped from their books and are now hiding all over the library! Come find them and help put the books back in their proper place!

WHERE IS COMET? December 7 to 23 | For everyone

Comet, one of Santa's famous reindeer, is hidden in the library! He just loves books! Visitors are invited to find Comet and bring him to the Circulation Desk so he can be sent back to the North Pole in time for Santa's rounds!

ACTIVITIES OPEN TO EVERYONE

CHESS CLUB

On Thursdays, September 12 to December 12, 4:30 to 8:30 p.m.

Hosted by chess enthusiast Herberth Casquero, the Chess Club invites fans of this thousand-year-old pastime, whatever their level or age, to come enjoy and perfect their game. All required equipment is available to players in Salle Félix-Leclerc.

ACTIVITIES FOR ADULTS

PUZZLE CLUB

Wednesdays, October 9 to December 11, 10:00 a.m. to noon

Puzzles are a great challenge for mental stimulation and manual coordination. The library challenges its users to complete a puzzle of 500, 750 or 1,000 pieces with the help of Jacinthe, a library clerk with a passion for puzzles, and other enthusiasts of this beneficial pastime.

BOOK CLUB (IN FRENCH)

Wednesday, September 25, October 23, November 20 and December 18, 10:30 a.m. to 12:30 p.m. (Group 1) and 1:30 to 3:30 p.m. (Group 2)

The popular book club is back, and new participants are welcome! Each month, all members read the same book and discuss it as a group with host Karine Fortin. This fall, the titles in the spotlight will be *La parabole du semeur* by Octavia E. Butler, Les silences d'Ogliano by Elena Piacentini, Mademoiselle Papillon by Alia Cardyn and Ce que je sais de toi by Eric Chacour. Note that all the books are in French and will not necessarily be read in this order.

Participants must commit to attending all sessions.

WORKSHOP FOR SENIORS: POSITIVE TREATMENT OF SENIORS Tuesday, October 1, 1:30 to 3:30 p.m.

In collaboration with Carrefour Bienveillance 50+

An information meeting for caregivers to learn more about the resources and tools available to them. The conference will also provide an overview of ways to identify and guard against fraud.

EVENING CONFERENCE: UNE TABLE BIEN GARNIE. L'ALIMENTATION EN NOUVELLE-FRANCE

Wednesday, October 9, 7:00 to 8:30 p.m. In collaboration with Société de généalogie Vaudreuil-Cavagnal

In the 17th century, those first to arrive in New France brought European habits and customs along with them. As such, the food they ate was "European." However, since they had to adapt to their new environment, the settlers gradually added the food they got from hunting and fishing as well as local plants to their plates. Hosted by Historian André Gousse.

TRIVIA NIGHT Friday, October 18, 7:00 to 9:00 p.m.

People are invited to come test their knowledge, either alone or with family and friends! Simply form a team (up to six players) and go to battle to win the Masters of Knowledge trophy. Prowess, laughter and snacks are on the menu! Hosted by La Ribouldingue.

WORKSHOP FOR SENIORS: POSITIVE **TREATMENT OF SENIORS**

Monday, October 28, 1:30 to 3:30 p.m.

In collaboration with Carrefour Bienveillance 50+

Information meeting to learn more about physical and psychological abuse and how to recognize the signs of such abuse.

EVENING CONFERENCE: LES VAILLANTS SUR LES CAGES

Wednesday, November 6, 7:00 to 8:30 p.m.

In collaboration with Société de généalogie Vaudreuil-Cavagnal

At the beginning of the 19th century in Europe, Napoleon's continental blockade stifled the supply of essential materials such as wood. England was forced to turn to its colonies, especially New France, for its reserves. Alongside the log drivers, the valiant raftsmen were the prime contractors for the transportation of wood and the development of the forestry industry in Canada. In a manner sometimes borrowed from the folks of yesteryear, the village storyteller will help you discover this lost profession through facts and highlights but also through the points of view of parish priest Barrette, the gossip of a housewife named Germaine and a coachman named Adrien. Hosted by André Laniel.

WORKSHOP FOR SENIORS: POSITIVE TREATMENT OF SENIORS

Monday, November 11, 1:30 to 3:30 p.m.

In collaboration with Carrefour Bienveillance 50+

Information meeting to learn more about fraud and abuse as well as ways to guard against it.

WORKSHOP FOR SENIORS: POSITIVE TREATMENT OF SENIORS

Tuesday, November 19, 1:30 to 3:30 p.m. In collaboration with Carrefour Bienveillance 50+

Information meeting to learn more about fraud as well as ways to identify and guard against it.

MEET THE AUTHOR: JEAN-PHILIPPE PLEAU

Thursday, December 5, 7:00 to 8:30 p.m.

Radio host, sociologist, writer and columnist, Jean-Philippe Pleau is a character with multiple talents whose voice has been a mainstay with Quebecers throughout

the years. On Radio-Canada's program Réfléchir à voix haute, he invites a different personality each month to take a critical look at the existential and contemporary issues that mark our daily lives. After his first book, he published Rue Duplessis : ma petite noirceur in 2024, which was an instant literary success. Faithful to himself, Jean-Philipe Pleau does not hold back and tells, in his work, the story of his migration through social

classes, a moving story that is familiar to many. Hosted by Amélie Boivin Handfield.

THE LAB

INTRODUCTION TO ARDUINO

Monday, September 16 and November 4, 7:00 to 8:30 p.m. | Ages 12 +

Learn the basics of electronics and programming using Arduino. Participants will explore the structure of a program, the components of a circuit, and how they work.

BOARD GAME CLUB

On Wednesdays, September 25 to November 13, 5:00 to 7:00 p.m. | Ages 10 +

Using 3D printing, the Cricut cutting machine and the Adobe Suite, participants will work with the Lab team to design and build their own board game. Who knows? Maybe one of the newly crafted board games will make its way into the Library's collection?

Participants must commit to attending all eight sessions.

TEEN PARTY + 5TH ANNIVERSARY OF THE LAB

Saturday, September 28, 5:00 to 8:00 p.m. | Ages 8 +

Teens are invited to join the Lab team after hours for an unforgettable evening. E-sports tournament, giant games, virtual reality, pizza and other surprises await participants as they celebrate the Lab's five years!

LEGO ROBOT DEMONSTRATION Saturday, October 12, 1:00 to 3:00 p.m. | Ages 8 +

Participants will have the opportunity to interact with LEGO robots while learning about Science, Technology, Engineering and Mathematics (STEM). Hosted by First LEGO League.

HALLOWEEN EMBROIDERY

Sunday, October 20, 9:00 a.m. to noon and 1:00 to 4.00 p.m. | Ages 8 + (Reservation of 30-minute timeslot and adult attendance required)

Creation of a scary Halloween embroidery project. Hosted by Pénélope machines à coudre.

INTRODUCTION TO 3D PRINTING

Monday, October 28, 7:00 to 9:00 p.m. | Ages 10+

Learn the basics of modeling and 3D printing.

CHRISTMAS EMBROIDERY

Sunday, November 17, 9:00 a.m. to noon and 1:00 to 4:00 p.m. | Ages 8 and up (Reservation of 30-minute timeslot and adult accompaniment required)

Creation of a unique Christmas gift that participants will enjoy giving. Hosted by Pénélope machines à coudre.

17 | FALL 2024

INTRODUCTION TO PROJECTION MAPPING

Wednesday, November 27, 5:00 to 7:00 p.m. | Ages 10 +

Take part in a projection mapping experience, where images are projected onto surfaces to create stunning visual illusions. Participants will learn to manipulate projection technologies to bring imaginative scenarios to life, combining visual art and technology for an unforgettable sensory experience.

INTRODUCTION TO SCRAPBOOKING

Monday, December 2, 7:00 to 9:00 p.m. | Ages 10 +

Discover the art of scrapbooking using the Cricut cutting machine. Participants will learn how to use this innovative technology to accurately cut patterns, letters, and shapes that will bring their creations to life.

E-SPORTS TOURNAMENT

Saturday, December 14, 1:00 to 4:00 p.m. | Ages 8 +

Participants will dive into a world of virtual competition through a variety of carefully selected video games. They will challenge their skills and meet others who share their passion for gaming. Snacks as well as prizes will be distributed during the event.

LAB DISCOVERY WORKSHOPS FOR ADULTS ONLY!

(Ages 16 and up)

DIGITAL EMBROIDERY 101

Sunday, September 15, 9:00 a.m. to noon and 1:00 to 4:00 p.m.

A full day of learning the basics of digital embroidery. A hands-on workshop that allows participants to become familiar with the equipment. Hosted by Pénélope machines à coudre.

INTRODUCTION TO CHATGPT Tuesday, September 17, 1:00 to 3:00 p.m.

Discover the ChatGPT artificial intelligence tool and the ethical use of its features.

INTRODUCTION TO 3D PRINTING: OBJECT REPAIR AND RECYCLING

Monday September 23 and November 18, 7:00 to 9:00 p.m.

Give items a second life using the modeling software and 3D printer available at the Lab.

INTRODUCTION TO ARDUINO Monday, October 7, 7:00 to 8:30 p.m.

Learn the basics of electronics and programming using Arduino. Participants will explore the structure of a program, the components of a circuit, and how they work.

BAKING MOULD CREATION

Tuesday, October 15, 1:00 to 3:00 p.m.

Make custom baking moulds using Mayku FormBox.

INTRODUCTION TO ARCHIVE DIGITIZATION Tuesday, November 12, 1:00 to 3:00 p.m.

Participants will have the opportunity to preserve their precious memories by converting their VHS tapes, DVDs and photos to digital format. They will be able to transfer their memories to durable media that are easy to share.

PED DAYS AT THE LAB (Ages 8 and up)

HALLOWEEN MASK

Friday, October 11, 1:00 to 4:00 p.m.

Create a creepy Halloween mask using the Cricut cutting machine.

ACRYLIC ENGRAVING

Friday, November 1, 1:00 to 4:00 p.m. (reservation of 60-minute timeslot required)

Engrave a drawing on an acrylic washer using the Cricut cutting machine.

VIRTUAL REALITY

Friday, November 15, 1:00 to 4:00 p.m. (reservation of 30-minute timeslot required)

Discover a parallel universe with the virtual reality headset available at the Lab.

CHRISTMAS GIFT

Friday, November 29, 1:00 to 4:00 p.m. (reservation of 60-minute timeslot required)

Creation of a unique object, shirt, sticker, card, mug or othe that will make a perfect Christmas gift.

THEME-BASED DAYS AT THE LAB

Library users are invited to familiarize themselves with the various equipment.

No registration required

INTRODUCTION TO CRICUT: CREATION OF VARIOUS PROJECTS

On Fridays, September 6 to December 20, 6:00 to 9:00 p.m. | Ages 10 +

Find out how the Cricut cutting machine can help you create greeting cards, custom shirts, home decor and more.

INTRODUCTION TO COSPLAY: CREATIVE CLUB

Tuesday, September 24, October 22, November 19 and December 17, 4:00 to 7:00 p.m. | Ages 8 +

Welcome to the Lab's cosplay creation club, where creativity reigns supreme! Whether beginners or veterans, user are invited to share their stories, ideas and techniques with other cosplay enthusiasts. From creating intricate armor to perfecting characters, the club is open to all levels.

INTRODUCTION TO DIGITAL MUSICAL INSTRUMENTS: DROP-IN ACTIVITY Saturday, November 2 and December 7, 1:00 to 3:00 p.m. | Ages 8 +

Alone or in a group, users are invited to discover the wide range of digital musical instruments available at the Lab: synthesizer, guitar, bass, DJ console and digital drums.

October 11, 7:30 p.m.

Nane Couzier, reader | Marco Geoffroy, poet Michel Morissette, author and musician

November 8, 7:30 p.m.

Nane Couzier, reader | Suzanne Saint-Hilaire, multidisciplinary artist | Danielle Shelton, author

STORYTELLING WITH RENÉE ROBITAILLE : Contes d'amour, histoires de diable

Friday September 20, 7:30 p.m.

Contes d'amour, histoires de diables offers a selection of traditional tales skil-Ifully told using beautifully woven words. Venturing into the great forest of Robitaille tales, Renée quides us through the fabulous encounters, sorrows, hopes and betrayals experienced by each character.>

WITH ANCOLIE

FOLK MUSIC

EVENING

Friday September 27, 7:30 p.m.

to spread joy. After touring a shared show for several years, the two solo artists came together to record a warm and genuine debut album entitled Le soleil en bulle, which earned them the award for Francophone songwriter of the year at the Canadian Folk Music Awards. Four years later, the two creators are pleased to introduce Les ébranlements, an emotional and sublime collection of nine new titles entirely composed by the pair. Songs that evoke inner turmoil and the quest for serenity. Warm instruments, comforting words and vocal harmonies are shaped like intricate pieces of art.

Saturday September 28, 2 p.m.

The Salon Littéraire des amis de Félix is a laid-back gathering where excerpts from the work of Félix Leclerc, excerpts from works relating to Félix or texts inspired by his work or his life are read and enjoyed. The formula is that of a literary café: texts brought in by attendees are read and discussed. You can also attend without having a text to bring. A surprise quest will take part in this edition of the Salon littéraire.

For more information: Nane Couzier, 450 218-6422 or Les Amis de Félix Leclerc à Vaudreuil on Facebook

SOIRÉE DE MUSIQUE FOLK AVEC ROY DAVIS: Désastres

Friday October 4, 7:30 p.m.

This performance by Roy Davis, featuring his brand-new extract La nostalgie, transports you along the banks of the St. Lawrence River through powerful folk rhythms. With its grandiose melodies and enchanting chorus, it evokes the sweetest childhood memories.

EVENING OF CONTEMPORARY RETRO POP MUSIC WITH MIC BOURGOUIN: Chacun pour soi

Friday October 18, 7:30 p.m.

Québec artist Mic Bourgouin, an up-and-coming singersongwriter, invites you to discover the essence of his

retro-pop-contemporary music through the songs of his album entitled Chacun pour soi, including Déjà trop tard which has already hit the airwaves. His show promises a captivating journey into the heart of his world, where he draws on life's emotions to create a unique musical experience. On stage, Mic Bourgouin skillfully blends his deep lyrics with mesmerizing melodies.

STORYTELLING WITH EVELINE MÉNARD: Poiluse et autres contes traditionnels

Friday October 25, 7:30 p.m.

In this show, storyteller Eveline Ménard wonderful shares imaginary tales with larger-than-life characters who are ready to overcome hardships and experience all sorts of adventures. the occasion, For storyteller has the gathered up the tales she collected while

meeting traditional storytellers or from the archives of the Canadian Francophonie (Québec, Acadia, Ontario).

COUNTRY-FOLK MUSIC EVENING WITH DOMINIC DAGENAIS: La misère des riches

Friday November 1, 7:30 p.m.

Dominic Dagenais invites you to discover his latest album entitled La misère des riches. The artist offers you a genuine and straightforward country-folk style reminiscent of Beau Dommage and Tire le Coyote. His songs are intense. colourful and vibrant with simple arrange-

ments that make them appealing to everyone. La misère des riches will have you dancing to the rhythm of catchy melodies and contemplating profound lyrics as you are swept away by the captivating voice of Dominic Dagenais.

STORYTELLING EVENING WITH **ARIANE LABONTÉ:** Récit conte-en-forain de l'Amer'cirque

Friday November 15, 7:30 p.m.

A clownish tale of linguistic acrobatics. Storyteller Ariane Labonté invites the audience into the world of a strange little circus. Accompanied by her unusual puppets and backed by Luzio Altobelli's rich and nuanced accordion, she constructs a tasty social satire about our untameable consumption. Using word play reminiscent of well-known Québec comedian Sol, she describes and denounces a society that she invites the audience to rewrite.

PATRICK RICHARD: La voix du père, la voie du fils

Friday November 29, 7:30 p.m.

On July 25, 2009, Patrick challenged himself to write one page a day for the rest of his life. Slowly, he filled countless notebooks with deep reflections and strange ideas. One day, he decided to plunge back into his 5,000 pages of wri-

ting to see if there were any patterns. And, it would just so happen that there was a pattern on the exact same day every year: April 7. On that same date in 1986, a tragedy struck his family. In the decades that followed, Patrick was able to get back up, deconstruct, rebuild and set down roots. La voix du père, la voie du fils tells the story of a letter from a son to his father, paves the way for redemption and plunges into the brain of a teenager empowered to downplay the seriousness of life through his wacky sense of humour. Presented in the form of a podcast supported by a video, the 40-minute performance alternates between storytelling, music and voiceovers. All this is an opportunity to discuss one thing: kindness. Let us not remain trapped in our emotions and wounds but rather live life in the present by welcoming ourselves as we are.

WEDNESDAY, OCTOBER 2

Building and painting wood workshop with Roger Brabant Participants will create a bird house using wood and recycled materials and decorate it to their liking.

WEDNESDAY, OCTOBER 9

Flamenco Dance Workshop hosted by Sarah Murphy Complete course on the basics of Flamenco dance: learn choreographies through technical exercises and rhythmic dance that develop grace and maintain posture using physical and cardio exercise.

WEDNESDAY, OCTOBER 16

Writing workshop with Patrick Richard: Laisser sa trace dans un cahier Exploration of various techniques to release the creative and liberating action of daily writing, tips and practical exercises to overcome writer's block and connect to one's own narrative voice.

WEDNESDAY, OCTOBER 23

Make the ultimate scouring pad with the Cercle des fermières de Vaudreuil Whether it is knitted, crocheted or needled, create a versatile, non-abrasive scouring pad, perfect for removing hard water spots, washing dishes, etc.

REGISTRATION:

Starting September 10 at ville.vaudreuil-dorion.qc.ca or by phone at 450 455-3371, Option 4. Places are limited. Vaudreuil-Dorion residents only. By registering, participants commit to attending all four workshops.

Entente d développement culturel

FALL PROGRAMMING

For residents ages 50 and +

A program aimed at introducing participants to different artistic disciplines

Vaudreuil-Dorion's aquatic facilities, so many possibilities!

Interview with Head Lifeguard Emily Delisle

Having worked at the City of Vaudreuil-Dorion's different pools since 2018, Emily Delisle has done it all-from giving swimming lessons to children or adults to teaching aguafitness, aqua-stroller and prenatal aqua classes as well as working as a lifeguard for the Saint-Jean-

Baptiste, Sainte-Madeleine and Cité-des-Jeunes swimming pools. Since May 2023, Emily has held the position of Head Lifeguard. During our interview, she filled us in on how she got here.

What exactly does a Head Lifeguard do?

This is my second full-time summer working as the Head Lifeguard. Starting in May, I prepare the two outdoor pools to ensure their proper functioning for the opening and for the entire summer season. I take inventory of the equipment, forecast the quantities of chemicals needed and do

the various water tests. I also contribute to designing and implementing any and all pool procedures and help plan the schedules. In short, I do all the work required to prepare for the opening of the pools in June, in collaboration with the Head of Aquatic and Nautical Programs and the staff of the Public Works Department.

I then work on the pool activities with different teams. We have five lifequards per pool at all times. They share the tasks of supervising the pool and paddling pool, greeting visitors and handling customer service while also providing support to the day camp teams by conducting swimming tests, putting on life jackets, etc. A lot of the work we do is focused on prevention. We also take part in neighbourhood parties to talk to citizens about safety around swimming pools and waterways. The rest of the year, I work at the Cité-des-Jeunes swimming pool on weekends. We offer a large number of courses, so it takes a lot of instructors. I am the go-to person for both the instructors and lifeguards. I help newcomers learn about their job, the notes they need to take and protocols they must follow in the event of an incident... it's really guite varied!

Can you tell us about what someone needs to do to become a lifeguard or aguatic instructor?

I started by completing Levels 1 through 10 of the Red Cross program, which has since been replaced by the Swim for Life program. Following this, since I was too young to start the lifeguard courses, I did pre-competition training to maintain my swimming skills. At 13, I started working towards my Bronze Medal, then completed the Bronze Cross, First Aid and National Lifeguard programs. I also completed the Swim Instructor course. I obtained all my certifications in 2015. It sounds like a lot, but it's easy enough if you take one class per session. I also have to requalify every two years to maintain my lifeguard certification.

What do you like most about your job? What would you say to a young person to encourage them to start their lifeguard training?

I like working with people, helping them, sharing my knowledge. When working in the aquatic environment, our primary role is to prevent drowning, be on the lookout for dangers and educate people. Most of the work is done on the field. I also love giving lessons that lead to medals or crosses because I can help young people reach their potential. It's a fun learning environment.

There is a great sense of team spirit among lifeguards and instructors. We work together a lot. We swim together every week to stay in shape for the re-qualification, but it's also a great opportunity for us to get together and do other group activities. We have indeed created strong bonds of friendship. It's pretty much the same group of people who work in the summer and the rest of the year at the indoor pool, depending on their class and internship schedules. Most of them keep these jobs until they have completed their studies.

And, needless to say, having the opportunity to work outside all summer is great too!

With two Bachelor's degrees under her belt, Emily will begin her Master's degree in physiotherapy this Fall. She knows that with the upcoming internships and the start of a career in the field, she will one day have to leave the world of swimming and lifeguarding. But, in the meantime, she will no doubt continue enjoying her role as head of the aquatic programs team!

Interested in embarking on the journey to becoming a lifeguard or aquatic instructor? Go to page 29 and visit the Swimming lessons section of the City's website at ville.vaudreuil-dorion.gc.ca.

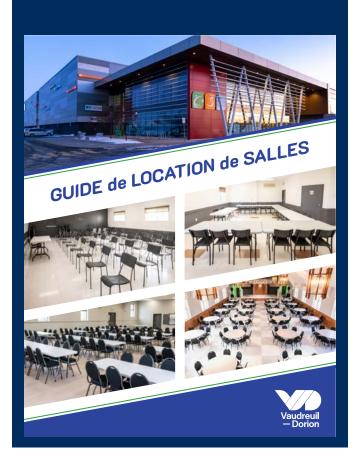

Room rental

Since July 8, anyone wishing to book a room with the City must complete the online form in the Room Rentals section of the City's website. Telephone reservations are no longer accepted. This new way of doing things makes it easier to allocate rooms on a first-come, first-served basis. It also makes the process easier since options such as the layout of the room, the arrival and departure time, the consumption of alcohol (permit required) must be selected when the reservation is made. The old booking platform can still be consulted but only to check availability. People who need help filling out the form can come to the Services des loisirs et de la culture for assistance (3093 Boulevard de la Gare, 2nd Floor).

The rooms offered for rent are located in the following places:

- Centre multisports André-Chagnon
- Pavillon de Bel-Air
- Pavillon Normand-Desiardins
- Centre communautaire Jean-Marc-Ducharme
- Opticentre St-Jean-Baptiste

The City's website also has a guide that provides the specifications for each of these rooms.

IN MY COMMUNITY

WRITING SERVICES - AVAILABLE TO THE **PUBLIC**

Did you know that as part of its mission of literacy, COMQUAT also offers writing services available to the public? This service aims to help people with oral or written expression difficulties to:

- fill out administrative forms:
- understand their personal mail;
- write correspondence;
- register and book appointments online;
- obtain information and contact a department or organization.

Residents can benefit from this service directly at COMOUAT's offices located at Édifice de la Croisée. 1255 Rue Emile-Bouchard

Interested in volunteering to provide these writing services? Contact the organization at 514 453-3632 or info@ comquat.ca.

MIGRATORY ODYSSEY

On July 4, the Conseil des arts et de la culture de Vaudreuil-Soulanges, Réseaux and their partners unveiled two travelling exhibitions called *Contamination culturelle*: Les couleurs de Vaudreuil-Soulanges and Contamination interculturelle, L'Odyssée migratoire at Maison-Valois Park. By October 17, these exhibitions will have made their way across the region, passing through Saint-Zotique, Île-Perrot and Rigaud.

The Contamination interculturelle, L'Odyssée migratoire project, which was added to the 5th edition of the Contamination Culturelle exhibition, aims to raise public

awareness of the realities of immigrants and contribute to deconstructing prejudices. It refers to an often complex, prolonged and significant displacement undertaken by individuals, usually across borders. It evokes the many challenges, adventures and experiences that accompany this transition, often influenced by factors such as the economy, politics, conflicts or the search for opportunities and a better life. By spotlighting the stories and faces of people with an immigrant background through captivating portraits and moving narratives, the works aspire to create an inclusive and revealing dialogue within the community.

The concept for this exhibition was developed by Réseaux, in collaboration with photographer Josiane Farand, the Centre de services scolaire des Trois-Lacs, the MRC de Vaudreuil-Soulanges and the City of Vaudreuil-Dorion, with financial support from Desjardins Vaudreuil-Soulanges, MP for Vaudreuil-Soulanges Peter Schiefke and MP for Vaudreuil Marie-Claude Nichols.

JE M'ENRACINE DANS MA COMMUNAUTÉ

In July, 13 immigrant families, representing a total of about 40 people, participated in the Je m'enracine dans ma communauté project. This initiative aims to enable these

families as their children prepare to start kindergarten and to discover the resources within the school, municipal and community environment through the participation of several partners from different spheres (the City of Vaudreuil-Dorion, the Prenatal and Young Families Centre, the community police, Centre de services scolaire des Trois-Lacs, Centre intégré de santé et de services sociaux de la Montérégie-Ouest, Réseaux and Les Anges des parcs). During the eight half-days of the project, families were offered activities focused on prevention, awareness, bicycle and environmental safety, visits to the library and the fire station, art and literacy workshops, games, etc.

To mark the International Day of Older Persons, the Vaudreuil-Soulanges Seniors' Roundtable, of which the City of Vaudreuil-Dorion is a member, will hold a lunch and show activity on September 27, from 11:00 a.m. to 3:00 p.m., at the Wilson Community Centre in Coteau-du-Lac. Those interested in The continuation of this project is part of the action plan participating in this event can purchase a ticket from the of the City of Vaudreuil-Dorion's Living Together Policy Centre Communautaire des aînés de Vaudreuil-Soulanges, and aims more specifically to support people who wish located at Édifice de la Croisée (1255 Émile-Bouchard Street) to learn French through a process of welcoming, inclufrom Monday to Thursday between 9:00 a.m. and 4:00 p.m. sion and participation.

SHELTER ALLOWANCE PROGRAM

The Shelter Allowance program is for low-income individuals and families whose housing costs take up too much of their budget. You can benefit from the program if you are a tenant, lodger renting a room or property owner. For the period from October 1, 2024 to September 30, 2025, this program provides financial assistance of up to \$170 per month. Information about this program is available on the Revenu Québec website in the citizens/ your-situation/low-income section.

Community forum: a 4th edition under the theme of the environment

After addressing intergenerational relationships, living together and the place of young people in the community, the next edition of the City of Vaudreuil-Dorion's Community Forum will focus on the environment. This theme was selected by the forum organizing committee following the comments of the participants during the 2023 edition. The City's Environment Division will also be involved in organizing the next event, which will aim to raise awareness among environmental stakeholders, allow them to network and spotlight their various actions to rally partners to these initiatives.

The community forum will be held on November 14 at Centre multisports André-Chagnon, upon registration. Information will be sent to local organizations and partners in the near future.

Vaudreuil-Dorion amie des aînés

OCTOBER 1: INTERNATIONAL DAY OF OLDER PERSONS

COMMUNAUTÉ

Camp Franco-fun: an innovative project

A few months ago, Camp Franco-fun received the Jury's Coup de Coeur award at the Nomina Gala, which took place on June 13 in La Prairie. This gala celebrates excellence and innovation in the field of leisure and sport in the Montérégie area. Although a finalist in the Camps category, Franco-fun won over the panel of judges who chose instead to award the camp the *Coup de coeur* prize, which was bestowed upon the favourite project among the 25 nomi-

nated in all categories.

Offered for the first time in 2022, the Franco-fun camp is a day camp program for allophone children in Vaudreuil-Dorion that allows them to continue developing French skills during the summer period, through a day camp made just for them. Camp attendees

are able to maintain and develop their French skills through fun and educational activities supported by resource teachers while focusing on integrating into their living environment. The parents of the children targeted by the project also benefit from being able to discuss and obtain information from the employees of Animation Jeunesse, the Centre de services scolaires, the organization mandated for the social integration of immigrants in the territory as well as municipal employees. Because the concept of day camp is completely new to many of these parents, open discussions are essential. These discussions are held during information sessions facilitated by the presence of an interpreter, which contributes to bringing together allophone parents and the resources available in their community.

This program is the result of collaborative efforts among the City, Animation Jeunesse and Centre de services sco-

laire des Trois-Two other Lacs. partners joined the in 2024, project namely Réseaux Fondation and des enfants Vaudreuilde Soulanges. This summer, 50 children between the ages of 5 and 12

benefited from this service for a period of two weeks. In addition to special activities focused on developing French skills, the young participants took part in fun activities and spent time at the splash pad and swimming pool, and also visited various attractions in the area, including the Droulers-Tsiionhiakwatha archaeological site, the Ecomuseum and the Pointe-du-Moulin Historical Park.

After experiencing the Franco-fun camp, most of the young participants enrolled in the regular camp the following year—a clear sign of the initiative's success!

SWIMMING LESSONS

DESCRIPTION OF CHILDREN'S SWIMMING LESSONS

PARENT-CHILD 3, PRESCHOOL, SWIMMER 1 AND 2

- Designed for children ages 2 to 5 (except Swimmer 1 and 2).
- A parent must accompany the child in the water up to and including Preschool Level 3.
- Missed classes cannot be retaken.

Aquafitness	Lessons given in the half-pool (shallow and deep). Moderate intensity. No swimming skills are required for this course.
Deep water aquafitness	Lessons given in the deep end of the pool. Moderate to high intensity. A buoyancy belt is provi- ded to help participants stay afloat.
Aquahealth	Classes are given in the shallow end of the pool. Light to moderate intensity. Intended for those who are somewhat less fit.
Fitness	Long-distance swimming course (continuation of Adult 3) designed to develop endurance and swimming techniques through interval training, sprints and long distances. Swimmers must be able to swim the front crawl, backstroke and breaststroke for at least 100 meters and swim 200 meters continuously.
Aquafitness Combo Deep water aquafitness	Moderate-to-high-intensity classes alternating between the shallow and deep end of the pool. These transitions will be made by swimming 25-meter lengths in the pool, to accentuate car- diovascular work. Participants should expect to swim short distances and perform a variety of workouts. For people who are comfortable in deep water and know how to swim.

A DISC GOLF COURSE AT PARC-NATURE HARWOOD

Last July, an 18-basket disc golf course was set up in Harwood Nature Park, in collaboration with the Montreal Disc Golf Association. Fans of this sport are invited to bring their own equipment (no loans on site) and download the UDisc application on their smartphone to learn about the course's features and locate the GPS coordinates of the various tee-off points. This activity can be enjoyed at any time during the park's opening hours, between 7 a.m. and 11 p.m.
